

**WRI Carbon Capture and Storage Project AGENDA
Stakeholder Workshop #1**

28 February 2006

**Venue: World Resources Institute
10 G Street, NE
Suite 800
Washington, DC 20002**

Workshop Goal: To discuss the range of regulatory concerns in the domestic U.S. CCS framework, and agree on a workplan that prioritizes action to address the voids.

Workshop Objectives: 1) Review the big-picture challenges and opportunities; 2) frame the range of stakeholder concerns in the CCS framework; 3) understand how the stakeholder convening process can be used; 4) prioritize how (limited) WRI and stakeholder capacity should be used to address regulatory gaps; 5) draft future workplan.
